Updates!

Lesley is to contact the Parish Council reference our lighting a beacon in the corner of the field. This shouldn't be a problem as this is not a 'first' – a beacon was lit at the VE Day celebrations held in the same field.

The parking will require volunteers to marshall drivers into correct parking.

David S - bunting – red/white and blue, the cost of this is £16 per metre. It may be possible to run some workshops at the Comp school and St Mary's craft group to assist in this. David S will obtain a quote for a large banner which can be placed by the traffic lights.

Brenden has looked at tents and £1,000 would purchase a good size of 9 x 5M. He will also check out the army surplus stores. Also, Steve has agreed to rent us the 'old faithful' tent for £50, and we will go ahead on that basis.

Brenden will update our available equipment inventory.

Trudy will compile a list of stalls and will email people after Christmas. Barbie will email her 'crew' separately and we shall need a list of volunteers for the day.

Lesley will contact the 'organ' people.

Ian will speak with The Aquarium WSM and the Zoo. Maybe they will have a 'handling pool'.

Shelagh has spoken with the Ice Cream man and is awaiting final confirmation but has been assured there will be no problem.

The VF will purchase all 'stocks', and all monies made at the event will initially go back to the VF to cover costs, and then any surplus will be available to clubs or associations via bids to the Village Fund as per usual.
